

Craft SUPPLIES

The home of woodturning

Everything for the woodturner, woodturning tools, accessories, wood blanks, all by mail order. Shop and learn courses with local demonstration available.

Turn a Bowl to Save a Tree.

At Craft Supplies, we're committed to the preservation of our planet's natural resources. That's why we've created a special program to help you turn a bowl and save a tree. For every bowl you purchase, we'll plant a new tree. It's a simple way to make a difference.

Our commitment to the environment is one of our core values. We believe that woodturning is a sustainable craft, and we want to ensure that it remains so for generations to come. That's why we've created a special program to help you turn a bowl and save a tree. For every bowl you purchase, we'll plant a new tree. It's a simple way to make a difference.

Wood

Our wood blanks are made from sustainably sourced wood. We have a wide variety of species available, including maple, cherry, walnut, and more. Each blank is carefully selected and prepared for your use.
